## II. INVITATION

Dear Esteemed Colleagues,

We are honored to extend our warm invitation to you to attend **AFSUMB-VSUM 2026**, a premier international scientific event in the field of ultrasound in medicine. This congress will be held in the beautiful coastal city of Da Nang, Vietnam, from **March 12 to 14, 2026**, at the **Ariyana International Convention Center**.

For the first time, Vietnam will host the **17th Congress of the Asian Federation of Societies for Ultrasound in Medicine and Biology (AFSUMB)**, in conjunction with the **8th National Congress of the Vietnamese Society of Ultrasound in Medicine (VSUM)**. This marks a significant milestone in the advancement of ultrasound medicine regionally and globally.

The event will feature numerous **distinguished speakers** from Vietnam and abroad, along with hundreds of delegates including clinicians, researchers, and students from across Asia and the world.

The congress theme, ***“New sound for life, new sight for mind”***, is more than a slogan—it is a declaration of purpose for modern ultrasound medicine. *“New sound for life”* reflects the transformative power of ultrasound technology—not merely for diagnosis, but as a life-saving tool that enhances treatment and opens new therapeutic possibilities. *“New sight for mind”* represents a renewed clinical vision—where ultrasound imaging deepens our understanding of the human body, disease mechanisms, and holistic approaches to care.

Guided by this vision, the congress will encompass a wide range of topics through keynote lectures, interactive workshops, and high-quality scientific presentations. We aim to provide participants with a comprehensive and insightful perspective on the evolution of contemporary ultrasound practice.

We sincerely look forward to your participation and valuable contributions to make **AFSUMB-VSUM 2026** a meaningful and successful event.

With our highest regards,

**President of VSUM**

**President of AFSUMB**

**Chairman of AFSUMB 2026**

**AFSUMB 2026**

**Quan Bao NGUYEN-PHUOC, MD., PhD.**

**Co-Chairman of**

**Jeong Yeon Cho, MD., PhD.**
